

Appendix L

ESR Concordance Table

Environmental Screening Report Concordance Table

(as presented in Step 11 of the Guide to Environmental Assessment Requirements for Waste Management Projects)

No.	Required Information	How the Information was Documented in the ESR	ESR Section
1.	Background information including: <ul style="list-style-type: none"> • the finalized project description • the purpose of the project • a basic outline of technologies to be used 	The ESR provides all required background information for the proposed project, including: <ul style="list-style-type: none"> • The finalized project description • The purpose of the project • A basic outline of technologies to be used 	2.0 1.3 2.0
2.	A map of the project location	The ESR provides a map of the project location	1.2
3.	A description of the local environment and conditions	The ESR provides a description of the local environment and conditions including: <ul style="list-style-type: none"> • Surface Water • Geology & Hydrogeology • Land Use & Socio Economic Environment • Air Quality • Acoustic Environment • Natural Environment • Cultural Heritage • Traffic 	4.2 4.3 4.4 4.5 4.6 4.7 4.8 4.9
4.	A description of any other required approvals and permits	The ESR provides a description of any other required approvals and permits	8.0
5.	A completed screening criteria checklist	The ESR provides a completed screening criteria checklist	3.0
6.	A discussion providing an understanding of the 'No' response on the screening criteria checklist	The ESR provides a discussion of the meaning of a 'No' response on the screening criteria checklist	3.0

No.	Required Information	How the Information was Documented in the ESR	ESR Section
7.	A description of potential negative environmental effects identified through application of the screening criteria	<p>The ESR provides a description of potential negative environmental effects identified through application of the screening criteria for the following environmental components:</p> <ul style="list-style-type: none"> • Surface Water • Geology & Hydrogeology • Land Use & Socio Economic Environment • Air Quality • Acoustic Environment • Natural Environment • Cultural Heritage • Traffic 	<p>5.2 5.3 5.4 5.5 5.6 5.7 5.8 5.9</p>
8.	A description of impact management measures (which includes mitigation) for any potential negative environmental effects identified through application of the screening criteria	<p>The ESR provides a description of impact management measures (which includes mitigation) for any potential negative environmental effects identified through application of the screening criteria for the following environmental components:</p> <ul style="list-style-type: none"> • Surface Water • Geology & Hydrogeology • Land Use & Socio Economic Environment • Air Quality • Acoustic Environment • Natural Environment • Cultural Heritage • Traffic 	<p>5.0 5.2 5.3 5.4 5.5 5.6 5.7 5.8 5.9</p>

No.	Required Information	How the Information was Documented in the ESR	ESR Section
9.	A description of any net effects, including an assessment of the significance of the net effects	<p>The ESR provides a description of any net effects, including an assessment of the significance of the net effects, for the following environmental components:</p> <ul style="list-style-type: none"> • Surface Water • Geology & Hydrogeology • Land Use & Socio Economic Environment • Air Quality • Acoustic Environment • Natural Environment • Cultural Heritage • Traffic 	<p>5.0</p> <p>5.2</p> <p>5.3</p> <p>5.4</p> <p>5.5</p> <p>5.6</p> <p>5.7</p> <p>5.8</p> <p>5.9</p>
10.	A description of any commitments to monitoring (such as net effects, compliance monitoring, emissions and/or discharges monitoring)	<p>The ESR provides a description of any commitments to monitoring (such as net effects, compliance monitoring, emissions and/or discharges monitoring) for:</p> <ul style="list-style-type: none"> • Surface Water • Geology & Hydrogeology • Air Quality • Acoustic Environment • Natural Environment 	<p>5.0</p> <p>5.2</p> <p>5.3</p> <p>5.5</p> <p>5.6</p> <p>5.7</p>

No.	Required Information	How the Information was Documented in the ESR	ESR Section
11.	<p>Information on public and government agency consultation, including:</p> <ul style="list-style-type: none"> • A description of the public and government agency consultation program and consultation activities/events • A list of agencies contacted or consulted • A summary of interested persons and government agency concerns or issues, and how they have been resolved or addressed • Copies of public and government agency comments 	<p>The ESR provides information on public and government agency consultation, including:</p> <ul style="list-style-type: none"> • A description of the public and government agency consultation program and consultation activities/events • A list of agencies contacted or consulted • A summary of interested persons and government agency concerns or issues, and how they have been resolved or addressed • Copies of public and government agency comments 	<p>6.3 & 6.4</p> <p>6.4</p> <p>6.7</p> <p>App K</p>
12.	<p>Information on consultation with Aboriginal communities, including:</p> <ul style="list-style-type: none"> • A description of the consultation program and consultation activities/events • A copy of the List of Aboriginal Communities (prepared by the proponent as required in Step 1) • Indication of which of these communities expressed an interest in being further consulted about the project • The nature of the interest that these communities expressed in the project • Information on how concerns have been resolved or addressed • Copies of Aboriginal community comments 	<p>The ESR provides information on consultation with Aboriginal communities, including:</p> <ul style="list-style-type: none"> • A description of the consultation program and consultation activities/events • A copy of the List of Aboriginal Communities (prepared by the proponent as required in Step 1) • Indication of which of these communities expressed an interest in being further consulted about the project • The nature of the interest that these communities expressed in the project • Information on how concerns have been resolved or addressed • Copies of Aboriginal community comments 	<p>6.6</p> <p>6.6</p> <p>6.6</p> <p>6.6</p> <p>6.7</p> <p>App K</p>

No.	Required Information	How the Information was Documented in the ESR	ESR Section
13.	A description of how environmental effects or issues may be addressed through other required approvals	The ESR provides a description of how environmental effects or issues may be addressed through other required approvals	8.0
14.	A description of the consideration to establish a Public Liaison Committee and an ongoing commitment to review the same	The ESR provides a description of the establishment of the Community Liaison Committee and an ongoing commitment to review the same	6.5
15.	Reference to or, where appropriate, complete technical reports supporting the Screening findings	The ESR provides complete technical reports supporting the Screening findings	App C - App J
16.	An assessment of the overall environmental advantages and disadvantages of the project (taking into account net effects identified during the Screening Process), to include discussion of any advantages that may offset disadvantages	The ESR provides an assessment of the overall environmental advantages and disadvantages of the project (taking into account net effects identified during the Screening Process), to include discussion of any advantages that may offset disadvantages	7.0
